Универзитет Бијељина University of Bijeljina

- The University of Bijeljina (UBN) is a private higher education institution located in Bijeljina. It is accredited HE institution. The UBN was established in 2012. There are four study programmes of the first cycle (scientific fields: Health, Agriculture, Psychology) and one integrated study programme - Pharmacy (300 ECTS). In the field of Agriculture, there are two study programmes - Agriculture production and Agroecology. Both of them have 240 ECTS, while Health studies have 180 ECTS. The intention of UBN is to provide high quality education to students, but cooperation with wider society is one of the key parts of our mission. The UBN has established very close collaboration both, with academic community and wider local society, national and international level.

Универзитет Бијељина
University of Bijeljina

A numerous visiting professors from higher education institutions give lectures at UBN. Regarding the Faculty of Health studies, the UBN has agreements and permanent collaboration with other faculties both from Bosnia and Herzegovina and other countries within Western Balkan region. Through permanent workshops, seminars and other events, UBN provides knowledge to students. Quality assurance is part of our culture and daily activities within the Institution. Also, the collaboration with certain external institutions is of a huge importance.
