Agro Fruit Company Ltd.

Agro Fruit Company Ltd. (AGROVOĆE) was founded in 2008. Its core business is the production of plums.

Orchard AGROVOĆE covers an area of approximately 100 ha area and is situated in the village Bakinci on the slopes of Mount Kozara. This region has excellent conditions for fruit production. The conditions favorable to the achievement of high and stable yields.

The most common varieties in the orchard are:
Čačanska lepotica, Čačanska rodna and Stenly

- The company since 2012. grow and harvest in plum rules applicable standard GLOBAL GAP. Standard GLOBAL GAP is a key reference for Good Agricultural Practice in the global market, following the requirements of consumers in agricultural production.
- The company currently employs 15 full-time workers and many seasonal workers as needed
- In the future we are planing to expand our buisness and improve our techology in production

AGRO DESTIL

The company was founded in 2016.

We have producing fruit distillates and excellent homemade brandy.

In our production, we have the following brands:

- **Djedova rakija – Experience in a bottle**

Plum brandy, Čačak fruitful, obtained by selection of fruits, separation of seeds and parts of the skin. The raw material is from one geographic area, at fruit orchards Agro voce.

- **Krajiška ljepotica – Beauty opium**

Pear brandy, Williams variety, obtained by selection of fruits, separation of seeds and parts of the skin.

- **Slatka Maruška**

Liqueur cherries, maraska variety. Made from a base of apple distillate, with a special process of maturation.

In the future we plan to expand production and increase the quantity, with obligation to remains top quality.

Thank you !
