

Meeting with TeleGroup doo Belgrade

24.03.2021

Venue:	ZOOM platform
WP/Activity	WP3, activity 3.3 Student Hackatons WP4, activity 4.4 Organization of EXPO
Participants:	Marko Stojanović, Jelena Nastić-Stojanović – WEBIN Miljan Cvetković – UNIBL Marijana Gobeljić, Dejan Rotula – TeleGroup doo Belgrade

MEETING MINUTES

The introduction meeting of the representatives of 2 complementary projects was held on 24 March 2021 at ZOOM platform for 1 hour and 15 minutes.

The meeting brought together WEBIN and UNIBL representing the VIRAL project and TeleGroup doo representing the AgroLIFE project. Purpose was to get to know each other, learn from each other about 2 projects, identify cooperation opportunities and achieve synergies.

The projects both started at the end of 2019, both have 3 years long duration and both focus on Bosnia and Herzegovina, Montenegro and Serbia.

Project AgroLIFE is funded by GIZ (German Technical Assistance Agency) and implemented by NALED (National Alliance for Local Economic Cooperation) and TeleGroup doo. TeleGroup will pilot their AgroLIFE technological solution for smart management of agricultural land in pilot municipalities in 3 countries.

These municipalities include Sombor, Subotica, Indija, Bačka Topola, Vrbas (Serbia), Prijedor, Trebinje, Brod (BH) and Danilovgrad and Budva (Montenegro).

We've agreed the following:

- Miljan Cvetković will send the presentation of VIRAL project to TeleGroup representatives,
- TeleGroup will contact the GIZ for permit to establish official cooperation of AgroLIFE project with VIRAL project,
- Opportunities will be further examined TeleGroup ME and Telegroup BH to join in the hackatons as members of jury + to join the process of the development of EXPO event.

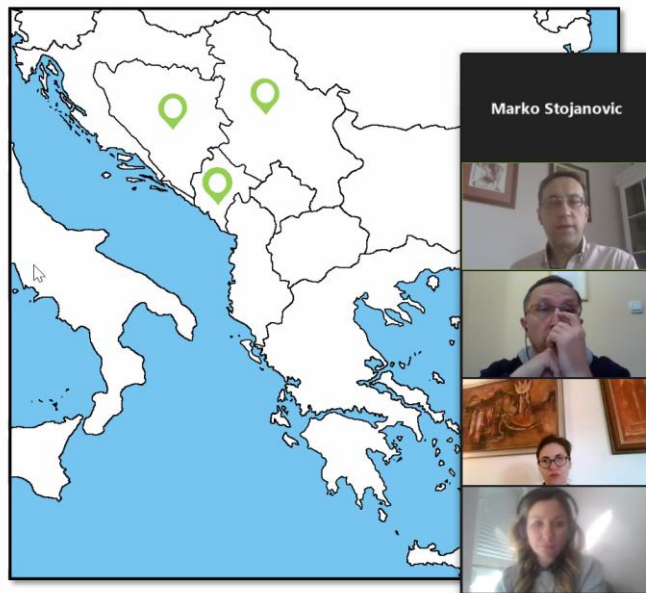

Collected contact details:

Marijana Gobeljić, marketing officer TeleGroup doo marijana.gobeljic@telegroup-ltd.com

Dejan Rotula, Business Development director at TeleGroup doo dejan.rotula@telegroup-ltd.com

Introduction

The project cooperate with 9 municipalities from Serbia, Bosna and Herzegovina and the Ministry of Agriculture and Rural Development from Montenegro to establish or improve their land management with support of a state-of-the-art digital solution
