Jaffa - Komerc Ltd.

- company has been established in 1989
- It produces large amounts of various early fruits, vegetables and table grapes on their own plantation on 85 hectares area using the latest technologies in production.
- the nursery annually produces up to 200.000 seedlings of the newest varieties.
- Jaffa - Komerc Ltd has established cooperation network with the other B&H producers of agricultural products (more than 300 producers), they are regular visitors of all significant fairs in and out of the region.
- They are one of the biggest exporters of fruits (especially cherries) from Bosnia and Herzegovina to EU countries and Russia.

Awards

- The company has received many awards and recognitions during many years, some of them are:
- Businessmen of FB&H 2008,
- Golden cherry for the peach, apple, early potato and peppers
- Gold plaque for the host of the fair „Cherry Days 2009"
- For the nursery and planting material, the company have received a Certificate of purity of variety, which indicates a high degree of expertise.

Jaffa-komerc

A group of approximately 15 people, including students and staff, are standing in a field of young trees with pink blossoms. In the background, there are rolling hills or mountains under a clear sky. The scene is bright and sunny.

Cooperation with HEI

- As an important part of cooperation with high education institutions, the company has signed the Memorandum on understanding with Agromediterranean faculty Dzemal Bijedic University of Mostar, so their students are welcome to conduct internship and the other practical activities and teaching staff can conduct scientific-research activities related to the cultivation of fruits, vegetables and grapes.

The company is paying special attention to the newest information technologies, so all storage facilities, production of carton boxes for packing as well as sorting and packing processes are completely computerized and controlled.
